8-BIT: DECEMBER

Basically, everyone was gearing up for the auction, and so we did not have an 8-Bit Sig to write about. Members slowly straggled in about time for the main meeting.

MAIN MEETING

Jim, as outgoing interim president, called the meeting to order. There was a new face in our small crowd and we welcomed the visitor who said he had two 8-bit machines at home. Let's all be sure to make the new recruits welcome.

Rene, our outgoing Treasurer gave us the budget report (see DOLLAR\$ & \$EN\$E)

and told everyone "I've enjoyed it and will continue to have a high interest in the club, but want to relax and enjoy being on the other side of the officers' table for a while. Rene, by the way, brought us the delicious donuts and hot coffee. Thank you, Rene. She may need someone to take over these duties as well, so we are taking volunteers. You are reimbursed, by the way.

Harold Lewis, outgoing Secretary said, "I appreciated being the secretary for Dal-Ace, but my job must come first, so I'm having to step down. I feel I've done a good job and wish I could do more."

Dave Gramm: "Someone else needs to share in the fun this year!"

Jim Jackson thanked everyone for

their enthusiasm during his short reign, for their support and their friendship. He added that schooling was taking up more time than he had anticipated and that for a while, he would be a member in-absentia.

As we all said a grateful goodbye to our loyal and hardworking officers, we moved on to the business of when our next meeting would be.

Jim Saunders said that our next three meetings would be:

January 5
February 9/6
March 9/6

Jay Wimmers' suggestion to have Dal-Ace funds pay for the upgrade to the BBS was voted upon and passed.

Then the fun began! The campaign speeches were most spirited between Marc Salas and Tim Mixon along the lines and accusations in the Richards/Williams style. You folks missed a hum-dinger and they both gained the enthusiastic applause from the audience making pre-poll forecasts impossible. For results, see UNDER THE DAL-ACE BANNER.

The auction for Toys for Tots brought in over \$300.00. Thanks to everyone for bidding hysteria! We had a great time, didn't we! (see PUT YOUR HAND DOWN SANDRA!)

DOLLARS AND CENTS

Rene was right! There can be a lot of fun to be had in this job! Yes, I know, it's only once a year, but going down to the toy store and blowing a big wad on toys-for-tots WAS a blast. Sandy, Sierra, Rene, and I all had a great time! We bought fuzzy stuffed animals to cars to telescopes. Had two VERY large boxes of toys to take down to Channel B to drop off, which we did that evening.

Oh, well, back to the more mundane business of business. We took in \$482.59 at the Dec. meeting. \$342 of this was in the toys-for-tots auction, \$120 in renewals, the remainder in disk sales, postal refund, and misc. Our expenses were \$342 for toys, \$35.72 for the newsletter, and \$7 for refreshments, for a gain of \$97.87. Appended you will find the Dec., 4th. quarter, and yearly reports.

PUT YOUR HAND DOWN SANDRA!

Despite the small turn-out, Dal-Ace members showed their Christmas spirit. Here's a brief run-down of some of the great stuff you guys missed out on!

Newsroom \$23.00
Raceway Construction Set \$8.00
Xaxon \$2.00
Atari Mag collection: \$2.00*
64K XE game system: \$35.00
Lunar Raiders and Moon Trip \$4.00

BEST BUY: \$1.00 - computer cover acquired by the Wimmer household.

BEST STEAL: \$6.00 - IBM compatible DOS 2.3 IN SHRINKWRAP!!! acquired by Tim Mixon.

BETSY THE MONITOR: - \$26.00 To Jeff Golden fiercely bid against by Sierra Hanna. There was a conference between the two afterward. When they were asked the nature of the meeting, this reporter received a 'no comment'. It is assumed that negotiations for a buy-out were underway.

RIDICULOUS EXPLANATION: "Group of plastic 'computer warriors' to add realism to your gaming"--actually two plastic indians, two oriental army guys, and a cowboy. \$4.00 to Sandra Hanna. (see what we mean?)

*soon to be added to our newzine library.

Dal-Ace

To BBS Or Not To BBS

(sorry about that title, I couldn't help myself)

Should Dal-ACE have a club supported BBS or not? There are some user groups who don't think it's a good idea to have a club supported bulletin board. AUNT happens to be one of those groups.

There are many reasons they might feel that way. Some of the possible reasons are the expense of the equipment, the man hours it takes to operate it, the fear of liability to the group if anything untoward happens on the board like dirty language or pirated files, or even just a lack of interest in tele-computing.

Despite those negative aspects there are many good reasons why a users group should run a club supported BBS. Exposure to the computing community, getting the word out on your user group, is one value of having a bulletin board. It also gives the members of the group a place for interaction and discussion in between the monthly meetings. A club run board is a good place to get technical help with and information on your computer, not to mention software. Besides, a bulletin board can be just plain fun!

Have you tried the games on Dal-ACE lately? I personally feel that it's very important for a user group to have a BBS, although maybe less so in a city like Dallas where we are blessed with many good local bulletin boards. Can you imagine living out in the boonies where the only phone numbers you can dial with your computer are all long distance? Another good thing about a club BBS is that because it's operated by a user group you can count on it being a family oriented place, meaning that you don't usually have to worry about things like foul language or if the SysOp has copyrighted software on the board. All in all I think having a club supported BBS is a good idea (and not just because I'm the SysOp) and I urge all off the members to call Dal-ACE Atari One BBS often and support the board.

Happy modeming!

Dal-ACE Atari One SysOp,
Jay J. Wimmers

A Letter From the Vice-President

First of all, I'd like to say "Thank You" for voting for me to be the Vice-President of Dal-ACE. I think we got a good group for the club officers at last months elections, and I'm looking forward to working with them to try and make Dal-ACE the best users group it can be. I'm not sure which direction the club should take to accomplish that goal, so I am open to any and all suggestions from the rest of the club officers and of course all the members. One thing I would like to see is for us to try and increase the membership somewhat. I'm sure there are a lot of Atari owners (8-bit and ST) that could benefit from joining our group. But even if we don't get ANY new members I won't be too worried because I think the members we do have are a very enthusiastic and fun group of folks. If you would like to get in touch with me and discuss anything about Atari computers or if you have any suggestions or gripes about the club you can call me at home (after 7:00, before 11:30 please) at (214) 231-8050. Or you can get in touch with me on the club BBS (SysOp or Driver 8) at (214) 231-7746.

Let's Have a Great Year!

Vice-President,

Jay J. Wimmers
