Use MENU BAR at top of screen to select pattern(s) & brush color(s).
Indicator in top left corner shows current cursor mode.

| | | |
|----------|---|--|
| F = FILL | + | Use the SELECT key to cycle through cursors. |
| D = DRAW | X | |
| L = LINE | O | |

To FILL:

1. Move cursor to desired pattern & push button (or P key).
2. Move cursor to desired color & push button (or P key).
3. Move cursor to desired area & push button (or P key).

To DRAW:

1. Hold down button and move joystick or hold down SHIFT key and press arrow.
2. Move cursor into a Paint Jar and push button to change color.

To LINE DRAW:

1. Move cursor to start of line. Push the button.
2. Move cursor into a Paint Jar and push button to change color (optional).
3. Move cursor to end of line. Push the button.

For PURE pattern pick one color.
For other patterns pick two colors.

Do not exit MENU BAR before completing selection. A buzzer will sound & you must start over. Only the P key will function while the cursor is in the MENU BAR. You cannot enter the MENU BAR while the MICROSCOPE is on.

Only CHECKERED and SOLID patterns may contain the same color as the area you are painting.
