

PLATO Homelink
Program Titles

PLATO[®] Homelink[™]

Ages 4-

Alphabet: alphabet train
 Alphabet: find the letters
 Alphabet: follow the dots, dragon
 Alphabet: follow the dots, flower
 Alphabet: follow the dots, ghost
 Alphabet: follow the dots, mitten
 Alphabet: follow the dots, piggy
 Alphabet: follow the dots, tea party
 Alphabet: follow the dots, tree
 Alphabet: follow the dots, umbrella
 Alphabet: follow the dots, zoo
 Alphabet: mouse trap

Alphabet: type missing letter in series
 Alphabet: type the alphabet in order
 Dates: learn about today's month and day
 Graphics: an animated story
 Graphics: a personalized valentine
 Graphics: the twelve days of Christmas
 How to respond: car races
 How to respond: pick out the pictures
 How to respond: tortoise and the hare
 How to respond: type the letter

Matching: alphabet soup
 Matching: are they the same?
 Matching: basket drop
 Matching: choose and point
 Matching: flash cards
 Matching: letters
 Matching: match the letter
 Matching: poker player
 Matching: pot of gold
 Matching: same and different
 Matching: the witch's cauldron
 Matching: Noah's ark

Memory: art museum
 Memory: balloon clown
 Memory: bubbles
 Memory: butterflies
 Memory: card dealer
 Memory: disappearing letter
 Memory: how many can you remember?
 Memory: letter board
 Memory: letter toss
 Memory: loading dock
 Memory: matching pictures
 Memory: memory train
 Memory: missing item
 Memory: pick-out
 Memory: shooting gallery
 Memory: the fisherman
 Memory: the mailman
 Memory: ticket agent

Numbers: ant hill game
 Numbers: beehive game
 Reading: a story about PLATO
 Reading: index of 39 easy stories
 Reading: simple reading comprehension -
 Reading: simple reading comprehension -
 Typing: copy your signon name
 Typing: type pairs of words - 1
 Typing: type pairs of words - 2
 Upper case, lower case: load the trucks
 Word parts: building blocks
 Word parts: flower petals
 Word parts: horizontal detail
 Word parts: initial sounds
 Word parts: make the lists
 Word parts: match the part
 Word parts: pick the flower

Astronomy

Constellation study
 Observe star movement
 Orbit simulator
 Stellar magnitudes
 Zeiss: a model planetarium

Aviation

Aviation ground school
 Reading the weather

Biology

Biochemical cycles
 Cell growth: death phase
 Cell growth: lag phase
 Cell growth: stationary phase
 Coleoptiles
 Diffusion and osmosis
 Flowering and photoperiod
 Human digestive system
 Physiological basis of learning
 Population genetics
 Structure and function of neurons

Business

Advertising game
 Beginning typing
 Business cycles
 Business factors in society
 Business futures
 Decision tables: introduction
 Income determination without government
 Macroeconomics
 Macroeconomics II
 Payroll
 Restaurant
 Using computers in business
 Wall street
 What is the break-even point?

Chemistry

Acid-base titrations
 Calculation of molecular weight
 Chemical solutions
 Crystals: basic concepts
 Inorganic nomenclature
 Inorganic nomenclature drills
 Ionic bonding
 Ion selective electrodes
 Kinetics...of semicarbazone formation
 Math skills for chemistry
 Metric system
 Naming acids and bases
 Naming compounds with multivalent...
 Naming ions and salts
 Optical activity: introduction
 Purification of organic compounds
 Scientific notation
 Separation of cations in solution
 Structure of atoms
 Titrations: introduction

Computer science

Analog computer
 Binary search
 Block structuring in programming
 Boolean algebra
 Boolean expressions
 Bottom-up analysis of expressions
 BASIC: editor, compiler, and executor
 BASIC: looping structures
 BASIC: sequence index
 Coder: machine code
 Computers: introduction
 Computer science: introduction
 Compute: number-crunching routines
 Conversational information system
 COBOL: data division
 COBOL: editing pictures
 COBOL: identification division
 COBOL: index of 4 lessons
 COBOL: introduction
 COBOL: procedure division
 CPU intro: basic 6800/cyber cpu overview
 CPU intro: cond test and branching instr.
 CPU intro: floating point data operations
 CPU intro: fundamental concepts
 CPU intro: integer data operations
 CPU intro: return jump instruction
 CPU intro: the increment unit
 CPU Compass: simulator
 Data flow diagrams
 Doodle programming lab
 Drills on structure

FORTRAN IV: matrix multiplication

FORTRAN: character manipulation
 FORTRAN: do statements
 FORTRAN: do statement introduction
 FORTRAN: format statement
 FORTRAN: introduction
 FORTRAN: intro to arithmetic
 FORTRAN: intro to do-loops
 FORTRAN: multi-dimensional arrays
 FORTRAN: nested do loops
 FORTRAN: one-dimensional arrays
 FORTRAN: sample activities
 FORTRAN: subprograms
 FORTRAN: subroutines
 FORTRAN: welcome to forefront
 Input words/output words
 Integrated circuit technology
 Inverters, gates, and flip-flops
 IBM os jcl: introduction to lesson sequence

IBM os jcl: intro, delimiter statements
 IBM os jcl: the exec statement
 IBM os jcl: the job statement
 IBM os jcl: the DD statement
 ILLGOO: introduction
 INTEL 8080
 INTEL 8080 simulator
 Lexical analysis
 Linear programming: introduction
 Logic circuit: introduction
 Machine language processing
 Mini-computer simulator
 OS/360/370 JCL
 Payroll
 Programming activities
 Programming concepts: introduction
 Programming, art of: introduction
 Programming: introduction
 PDP-8/L

PL/1 arrays
 PL/1 arrays (advanced)
 PL/1 data structures
 PL/1 do loops
 PL/1 drills
 PL/1 edit statements
 PL/1 input/output
 PL/1 introduction
 PL/1 picture specification
 PL/1 procedures
 PL/1 strings
 PL/2d: a pattern designing language
 Robocart: intro to computer programming
 Robocart: programming sequence
 Robocart: the backtrack algorithm
 Sorting
 Structure
 Structure of a computer....
 SNOBOL4: introduction
 Terminals: overview
 Top down programming
 Turing machines
 TUTOR: display generation options
 TUTOR: editing text
 TUTOR: introduction
 TUTOR: introduction to on-line AIDS
 TUTOR: more editing directives
 TUTOR: use of function keys
 TUTOR: using the search directives
 TUTOR: using the PLATO author languag
 TUTOR: HELP sequences
 Using computers in business
 What is simulation? Why use it?

Consumer credit

Four c's of credit
 Personal credit evaluation
 Rights of the credit consumer
 Women and credit

Games

100 Yard Dash
 Addition and subtraction: beehive game
 Addition: space port game
 Aerospace engineering games

Airflight

Backgammon
 Bingo
 Coconut story: a math puzzle
 Concentration
 Coordinates: sea battle game
 Coordinates: tic-tac-toe
 Coordinates: torpedo game
 Crossword puzzles
 Decimals: darts
 Dice game
 Dice game: probability
 Drag strip
 Empire
 Estimation: obstacle course game
 Fractions: basketball game
 Fractions: darts
 Fractions: high wire game
 Fun: a collection of games and activities
 Go
 Make a sentence
 Mazewar
 Mental arithmetic: mathreact
 Moria
 Number guessing: bagels game
 NIM
 Planetary excursion module (PEM)
 Projectile mountain game
 Racing games
 Roll'em
 Signed numbers: ant hill game
 Spelling: hang a spy
 Spelling: ordeal of the hangman
 Token solitaire
 Wall street
 Ye olde, original racetrack

General interest

Astrology
 Beginning typing
 Biorhythm theory
 Calendar
 Computer jokes
 Crossword puzzles
 Debugs: typing drill
 Graphics: a personalized valentine
 Graphics: the twelve days of Christmas
 Handwriting and some of its secrets
 Teaching: first year on the job

Language

Basic English grammar: index of 17 lessons
 Chinese characters: introduction
 Common nouns
 Complex sentences with adjective clauses
 Complex sentences with adverbial clauses
 Compound sentences
 Compound sentences 1
 Crossword puzzles
 Direct and indirect objects
 Floating adverbs: how to punctuate them
 Four advanced verb tenses
 French: build your own verb exercises
 French: la geographie de la France
 French: practice exercises with numbers
 French: serie linguistique appliquee
 Gerund (subjects,objects,sentence repair)
 Infinitive subjects, objects....
 Irregular verbs: 1
 Irregular verbs: 2
 Irregular verbs: 3
 Irregular verbs: 4
 Latin: index of 31 composition lessons
 Latin: index of 40 grammar lessons
 Make a sentence
 Noun clauses
 Prepositional phrases
 Pronouns
 Proper nouns
 Semicolon...Lesson 2
 Spanish: general information
 Spanish: index of 178 study modules
 Spelling and speed-reading
 Spelling: hang a spy

Spelling: ordeal of the hangman
 Subjects and predicates
 Subjunctive present and past
 Verbs: introduction
 Word power: index of 71 lessons

Mathematics

Analysis of variance
 Boolean algebra
 Boolean expressions
 Coconut story: a math puzzle
 Collecting terms in math sentences
 Collecting terms in math sentences: II
 Collecting terms with squares
 Compute: number-crunching routines
 Curve fitting by cubic splines
 Dice game: probability
 Factoring quadratic polynomials
 Function plotter
 Graphing linear equations
 Graphing: the lines y=b and x=c
 Graphing: the line ax+by+c=0
 Graphing: the line y=mx+b
 Graphing: the y-intercept
 Group theory
 Heuristics
 Inequalities
 Making up open sentences
 Math skills for chemistry
 Metric system
 Mini-calc program: calculator functions
 Monte carlo methods
 Numerical analysis utility
 Numerical quadrature methods
 Practice with linear graphics
 Prime factorization
 Probability: introduction
 Quadratic equations
 Reading slope from a graph
 Scientific notation
 Set theory
 Solving open sentences
 Solving quadratic equations
 Systems of equations
 True, false, and open sentences
 Writing equations for lines

Mathematics, elementary

Addition and subtraction: beehive game
 Addition and subtraction: bills and checks
 Addition and subtraction: signed numbers
 Addition: carrying
 Addition: space port game
 Addition: using an easier problem--review
 Addition: using an easier problem--1
 Addition: using an easier problem--2
 Addition: using an easier problem--3,4
 Addition: using an easier problem--4
 Coordinates: sea battle game
 Coordinates: tic-tac-toe
 Coordinates: torpedo game
 Dates: number names for today
 Decimals: darts
 Equivalent fractions
 Equivalent fractions: boxes
 Equivalent fractions: generalized
 Equivalent fractions: naming
 Estimation: obstacle course game
 Fractions: basketball game
 Fractions: darts
 Fractions: high wire game
 Fractions: like and unlike denominators
 Fractions: notation
 Fractions: rocket target practice
 Fractions: simplest terms
 Fractions: splash! game
 Fractions: units
 Graphing: experimenting with hyperbolas
 Graphing: experimenting with linear graphs
 Graphing: lines and crossing points
 Graphing: locating points on a plane
 Mental arithmetic
 Mental arithmetic: mathreact
 Mixed fractions: practice

Mixed numbers: answer format
Mixed numbers: notation
Mixed numbers: with pizza
Multiplication: area
Multiplication: fractions
Multiplication: mixed numbers
Multiplication: practice with pictures
Multiplication: using bills and checks
Number facts: pinball game
Number facts: practice
Number guessing: bagels game
Number guessing: probability game
Number line: introduction
Number patterns: tips for guessing
Place value: candy factory
Place value: sticks and bundles
Signed numbers: ant hill game
Skip counting
Vocabulary: whole number, fraction

Medicine

Cardiac cycle
Structure and function of neurons
Ultrasonic blood flow measurement

Music

Keyboard drill
Musical terms for student conductors

Nutrition

Activity, health & body size
A nutrition plan
Basic nutrition
Buying foods
Carbohydrates
Careers in nutrition
Digestive organs and their functions
Energy
Food practices
Food & exercises
Lipids
Macrominerals
Microminerals
Nutritional imbalance
Preparing foods
Proteins

Physics

Aerospace engineering games
Circuit simulations: current vs time
Compton effect
Doppler effect
Internal force (civil engineering)
Linear momentum in collisions
Momentum
Nuclear reactions
Projectile mountain game
Quantum numbers in physics
Some types of forces
Waves and particles

PLATO topics

Animeditor, version 2.0
Bibliography of PLATO articles
Computer-assisted instruction
Computer-assisted instruction: quiz
How to animate notes
Multi-user CB radio
TUTOR: display generation options
TUTOR: editing text
TUTOR: introduction
TUTOR: introduction to on-line AIDS
TUTOR: more editing directives
TUTOR: use of function keys
TUTOR: using the search directives
TUTOR: using the PLATO author language
TUTOR: HELP sequences
Writing computer-based lessons

Safety

Careers in accident prevention
Safety: avoiding accidents with guns
Safety: avoiding injury
Safety: carbon-monoxide poisoning
Safety: combustion
Safety: poisons
Safety: preventing fires
Safety: preventing poisoning
Safety: preventing CO poisoning
Safety: ways to prevent falls
Safety: why fires happen

Simulations

Advertising game
Circuit simulations: current vs time
Restaurant
Teaching: first year on the job
Traffic simulation
What is simulation? Why use it?

Social science

Community development consultant
Population dynamics
Population growth and projection

Spelling

Spelling and speed-reading
Spelling: hang a spy
Spelling: ordeal of the hangman

YOUTH

Activity, health & body size
A nutrition plan
Buying foods
Careers in accident prevention
Careers in nutrition
Food practices
Food & exercises
Nutritional imbalance
Preparing foods
Safety: avoiding accidents with guns
Safety: avoiding injury
Safety: carbon-monoxide poisoning
Safety: combustion
Safety: poisons
Safety: preventing fires
Safety: preventing poisoning
Safety: preventing CO poisoning
Safety: ways to prevent falls
Safety: why fires happen
