

SPELL DIVER™

SKETCH PAD

As you uncover letters, draw them here.

Once you know what the letters are, fill them in here — one letter to a space.

DRAWING ON THIS SKETCH PAD:

For best results, use a grease pencil or china marker. Some types of felt-tip markers will also work. But press lightly, and be sure to test them in a corner of the sketch pad first. To erase your marks, wipe the pad with a wet cloth.
