MARINE WARS

You are a captain of a warship.

Avoid the torpedoes that enemies shoot indiscriminately. Refuel as your warship explodes when it is out of fuel. At night, search the enemies using light bombs. As airplanes are so fast, be careful not to be puzzled.

1. Escape from the enemies by operating the joystick. Enemy warships will move horizontally. Your warship has three kinds of speed which you can select.
2. In case of refuelling or taking light bombs, move the joystick downward the moment a supply ship is just below your warship.
3. You have three lives per game. If shot twice by enemies, your warship will sink.
4. When your score is 5,000, you will get a bonus player.
