Loading & Running Program

MAGIC STORYBOOK will run on an *Atari 400/800 computer with a minimum of 16K memory. You will also need a 410 cassette recorder and one joystick using the left joystick port #1.

Before you start, make sure that the recorder is connected and the power on your computer is shut off.

- 1...Place cassette into recorder with side marked "PROGRAM" facing upward.
- 2...Place recorder into "PLAY" mode.
- 3...Hold "START" button down on console while turning on computer.
- 4...After hearing a "BEEP", press "RETURN".

At this point the program will load and run automatically. Loading time is approximately 4 minutes. During MAGIC STORYBOOK you will be asked to move the wolf with the left joystick. This will scroll the program. If the wolf is not moved within a one minute time span, the story will continue automatically.

Rerunning Program

After the story has ended, follow these instructions but **do not** turn off the computer.

- #1...Place cassette in recorder with side marked "SOUNDTRACK" facing upward.
- 2...Rewind tape.
- 3...Place recorder in "PLAY" mode.
- 4...Press "START" on computer console.

SPECIAL NOTE...**do not** press "START" until the recorder is properly cued. This may cause the program to execute out of sync with the sound track.

Amulet has included the script for those parents who would like to read the story to their children. To make the program execute without our sound track simply insert any musical cassette into the recorder and follow "RERUNNING PROGRAM" instructions.

Magic Storybook

(Three Little Pigs)

Welcome to Magic Storybook. This is the story of the Three Little Pigs. Once upon a time three little pigs decided to leave home and seek their fortunes. Each pig went his own way to find a life of his own...

I'm sorry Wasco. Stop moving around and I'll introduce you. May I introduce Wasco the wolf. He is the bad guy in this story. Using the left joystick, move Wasco to the Magic Door and our story will begin...

The first little pig met a man selling straw and decided to build a straw house. Didn't he build a nice house? What a pretty yard!

Soon Wasco came to visit. Wasco likes to eat little pigs. Our little pig knows he cannot let Wasco in.

"Little pig, little pig...let me in, let me in!"

Said the wolf.

"Not by the hair of my chinny chin chin!"

Replied the pig.

Move Wasco to door #1 and watch what happens.

"Then I'll huff, and I'll puff, and I'll BLOW your house down!"

Looks like Wasco did a good job on the house, but he didn't get the pig. Move Wasco to the broken down door to continue the story.

Our second little pig met a man selling wood and twigs so he decided to build a wood house. What a house! There's even a beautiful garden!

Soon our hungry wolf came along. Now there are two little pigs and they know they can't let Wasco in.

"Little pigs, little pigs...let me in, let me in!"

Said the wolf.

"Not by the hair of our chinny chin chins!"

Said the pigs.

Move Wasco to door #2 and see what happens.

"Then I'll huff, and I'll puff, and I'll BLOW your house down!"

Looks like Wasco did it again, but what's this? He still didn't get the pigs! Move Wasco to the broken doorway to continue the story.

Our third little pig met a man selling bricks so he made a house of brick. What a beautiful house! He sure built it well, chimney and all.

Oh no, here comes Wasco again! Now there are three little pigs and they know they can't let Wasco in.

"Little pigs, little pigs...let me in, let me in!"

Said the wolf.

*trademark ATARI INC.

"Not by the hair of our chinny chin chins!"

Exclaimed the pigs.

Move Wasco to door #3 and watch what happens.

"Then I'll huff, and I'll puff, and I'll BLOW your house down!"

Not this time...Try moving Wasco back to the door again.

"I'll huff, and I'll puff and I'll BLOW your house down!"

Wasco just can't blow the house down.

"I know what I'll do!"

Said Wasco.

"I'll climb up the chimney!"

Move Wasco to the chimney and watch what happens.

Up the chimney he goes.

Down into the pigs boiling pot!

Now that Wasco is gone the three little pigs will live happily ever after...
