## INTRODUCTION

### OVERVIEW

With **PRESIDENTS OF THE UNITED STATES**, you can learn the names of the presidents and have a good time, too. This one-player quiz program has two levels. On the novice level, you select a name from four choices. Use this level unless you can readily identify the presidents with minimal information. On the advanced level, you type in the president's first and last name--spelling counts! For both versions, you guess the president based on four clues: (1) term of office, (2) order of presidency, (3) political party, and (4) a general clue describing an event during the president's term or something about his personal life. You have one chance per question. The program displays a running total of your correct answers as you play and your final total at the end of the forty questions.

The game remains a challenge even at the novice level because the program varies the set of names from which you choose the correct one and it also varies the position of the correct choice within the set. These variations both add to the game's interest and ensure that correct answers aren't the result of memorizing letter choices.

## GETTING STARTED

### LOADING THE PROGRAM INTO COMPUTER MEMORY

1. Insert the ATARI BASIC Language Cartridge in the (Left Cartridge) slot of your computer.
2. If you have the cassette version of the program:
  - a. Turn on your TV set.
  - b. Turn on your computer and connect your program recorder to the computer and to a wall outlet.
  - c. Slide the program cassette into the program recorder's cassette holder and press **REWIND** on the recorder until the tape rewinds completely. Then press **PLAY**.
  - d. Type **CLOAD** on your computer and then press the **RETURN** key two times. The tape will load into computer memory.
  - e. After the tape finishes loading, the word **READY** will display on your TV screen. Type **RUN** and press the **RETURN** key. The first display screen will appear on your TV screen.

#### If you have the diskette version of the program:

- a. Turn on your disk drive.
- b. When the **BUSY** light goes out, open the disk drive door and insert the program diskette with the label in the lower right-hand corner nearest to you. Close the door.
- c. Turn on your computer and TV set.
- d. When the **READY** prompt displays on your TV screen, type **RUN "D:PRES"** and press the **RETURN** key. If you're using more than one disk drive, remember to follow the device initial (**D**) with the number of the drive containing the program diskette (e.g., **RUN "D2:PRES"** for disk drive two). The program will load into computer memory and start.

## FIRST DISPLAY SCREEN

The first screen displays the program title and copyright information, followed by a colorful menu for selecting a multiple choice or fill-in-the-blanks game. The menu looks as follows:

```

                <American flag>

PRESIDENTS OF THE UNITED STATES
SELECT OPTION: A. MULTIPLE CHOICE
                B. FILL IN THE BLANKS
?
```

Figure 1 Game Option Menu

When the question mark appears at the bottom of the screen, type an "A" for the multiple choice option or a "B" for the fill-in-the-blanks option and press the RETURN key. Your selected option remains in effect throughout the game.

## USING PRESIDENTS OF THE UNITED STATES

### MULTIPLE CHOICE OPTION

If you selected the multiple choice version, read the clues and then enter the letter corresponding to your choice and press the RETURN key. The program indicates whether your choice is correct. If it is, the program automatically displays the next set of clues. If it isn't, the program displays the correct choice briefly and then goes on to the next set of clues.

### FILL-IN-THE-BLANKS OPTION

If you selected the fill-in-the-blanks version, type in the first and last name (don't worry about middle initials, except to identify a president uniquely) of your answer in response to the set of clues the program displays and then press the RETURN key. You must spell the president's name correctly for the program to credit you with the right answer. You might want to use the multiple choice version several times before using this version, to study the spelling of the presidents' names you're unsure of. The program indicates whether your choice is correct. If it is, the program automatically displays the next set of clues. If it isn't, the program displays the correct choice briefly and then goes on to the next set of clues.

### SCORING

The program keeps a running total of your correct answers in the upper left corner of the screen. After you've gone through the forty sets of clues and have given your answers, the program displays your total correct responses at the bottom of the screen.

In the multiple choice version, you can earn a total of forty points for correctly identifying all the presidents.

In the fill-in-the-blank version, you can obtain partial credit as follows:

1. You earn one point for giving the correct last name.
2. You earn an additional point for giving the correct first initial. However, to earn this point, you must uniquely identify the president. Thus, you wouldn't earn the extra point if you enter an incorrect first initial but a correct last name.
3. You can earn a total of three points for giving a correct full first and last name, earning a maximum total of 120 points.

### RESTARTING AND REPLAYING THE GAME

You can interrupt the game at any time and start over by pressing the SYSTEM RESET key, typing RUN, and pressing the RETURN key. You can then select the version you want to use and start again.

**Limited Warranty on Media and Hardware Accessories.** We, Atari, Inc., guarantee to you, the original retail purchaser, that the medium on which the APX program is recorded and any hardware accessories sold by APX are free from defects for thirty days from the date of purchase. Any applicable implied warranties, including warranties of merchantability and fitness for a particular purpose, are also limited to thirty days from the date of purchase. Some states don't allow limitations on a warranty's period, so this limitation might not apply to you. If you discover such a defect within the thirty-day period, call APX for a Return Authorization Number, and then return the product along with proof of purchase date to APX. We will repair or replace the product at our option.

You void this warranty if the APX product: (1) has been misused or shows signs of excessive wear; (2) has been damaged by use with non-ATARI Home Computer products; or (3) has been serviced or modified by anyone other than an Authorized ATARI Computer Service Center. Incidental and consequential damages are not covered by this warranty or by any implied warranty. Some states don't allow exclusion of incidental or consequential damages, so this exclusion might not apply to you.

**Disclaimer of Warranty and Liability on Computer Programs.** Most APX programs have been written by people not employed by Atari, Inc. The programs we select for APX offer something of value that we want to make available to ATARI Home Computer owners. To offer these programs to the widest number of people economically, we don't put APX products through rigorous testing. Therefore, APX products are sold "as is," and we do not guarantee them in any way. In particular, we make no warranty, express or implied, including warranties of merchantability and fitness for a particular purpose. We are not liable for any losses or damages of any kind that result from use of an APX product.
