## Minutes & Mumblings

The June meeting of the SLCC and the last club meeting to be held at St Leanders School started on schedule at 8:00 PM. With all Officers in attendance. (They were there to be sworn in for the 1999/2000 term of office.) With the big pay raise they voted themselves for the next year it was little wonder they were there and smiling.

The reason the club will no longer be meeting at the school is the retirement of our old friend, Mildred Lepley. Millie was the one who made all the arrangements and took care of the opening and closing of the building for us for the last year and a half. Her retirement is something she is really looking forward too, though for the life of me I do not understand why she is looking forward to living in Missouri. Last I heard they were still using those funny buildings in the back yard with the half moon cutouts in the door. Many thanks Millie & have fun!

## Stuff

In case you haven't already heard, **THERE WILL BE NO JULY MEETINGS.** Meetings will resume in August and unless there is a last minute change the meetings will be held in Alameda at my house. We will send out a map and directions with next months Journal.

For those who have been wondering about Windows 98 Second Edition here is a bit of news. If you have a need to set up a home network or want to share an Internet connection between two computers then W98 SE is for you. Believe it or not it works like a charm. If networking or Internet connection is not your need you will be able to save \$25 by downloading the W98 Service upgrade that is supposed to be up for free download next week.

**Jim Moran – Secretary**

## Club Officers:

Other than a continuation of the infamous crooked raffle the balance of the meeting was a general session. The only item of note was the thank you card for Millie. The card was passed around for signatures, etc. When the card was finally presented to Millie there were ten signatures and forty-three X's. (By the way Bob Woolley was caught signing twice. You know XX.)
